

Beatriz Baptes
INVITATIONS & STATIONERY

ABOUT ME

My name is Beatriz, I'm 20 years old, I'm from Braga, Portugal, and I study Communication Design at the Faculty of Fine Arts of the University of Porto. How did the idea for this project come about? I started by creating and gifting watercolors to my family and friends. It was through those first paintings that I realized how deeply my art could touch others.

But why Baptes? Baptes comes from Baptista, my grandmother's name – a woman who has always supported my dream of pursuing a career in the arts. I hope my work reflects this passion of mine. Thank you for being here and for being part of the journey I'm building!

STATIONERY WITH *SOUL*

Your wedding stationery is the first chapter of the story you'll share with your guests. It is the detail that sets the tone, colour palette, and atmosphere for one of the most special days of your lives.

My work combines communication design with the sensitivity and fluidity of watercolor painting. Each project is designed and painted from scratch, ensuring that no two stationery suites are ever the same.

HOW DOES IT *WORK*?

Briefing

A meeting or questionnaire to align on your colour palette, style, and inspirations.

Proposal

Presentation of the initial sketches for approval.

Production

Finalization, printing, and hand-assembling of all the details by hand.

Delivery

Shipping or delivery of the invitations and remaining stationery pieces within the agreed-upon deadlines.

Stationery + Live Painting

By combining your **Stationery** with our **Live Painting** service, you ensure a unique visual harmony throughout every moment of your event, while enjoying a **20% discount** on the total booking.

View the pack details and conditions by selecting your preferred option.

FAQ's

How far in advance should we order our wedding stationery?

I recommend starting the invitation process 6 to 9 months before your wedding date, so that the invitations can be delivered to your guests around 4 to 6 months in advance. For day-of stationery (menus, seating plans, table numbers, etc.), the process should begin 2 to 3 months before the wedding, once the final guest list and menu have been confirmed.

Can we personalize an illustration of our wedding venue?

Absolutely! All illustrations are created from scratch specifically for your wedding. I can paint the façade of your venue or church, botanical elements, your pet, or any other detail that holds special meaning for you as a couple.

Is there a minimum number of invitations/units?

We generally work with a minimum of 30 to 50 units for wedding invitations, due to the fixed costs involved in preparation and high-quality printing. If you require a smaller quantity, please get in touch so we can discuss your specific needs.

Do you ship outside Portugal / are there shipping costs?

Yes! We ship all stationery throughout mainland Portugal, the Portuguese islands, and internationally. Shipping costs depend on the destination and final weight of the order and will be included in your quotation.

Can I request changes to the digital proof?

Yes. The process includes up to 3 rounds of revisions and adjustments to the design and layout during the digital proofing stage, ensuring that everything is exactly as you envisioned before we move forward with printing.

How does the stationery work together with the Live Painting?

When you book our Stationery service together with Live Painting, you gain access to exclusive benefits and discounts through our Promotional Packages. In addition, you ensure a cohesive artistic identity between the printed materials and the live experience on your wedding day.

How does payment and date booking work?

To begin the project and secure your date in the production schedule, an initial booking deposit is required. The remaining balance is due before the final printing or delivery stage.
